

ALLAN BURTON MEMORIAL FOUNDATION BEATS £25K CHALLENGE

We are delighted to announce that The Foundation beat its target, raising a further £28,000 for CLIC Sargent. Fundraising from the Kent to Ghent (Belgium) 150 mile charity bike ride in May, and from the TIP-ex Gala dinner in June, has raised just over £28,000 to help fund Paul's House, a Home from Home in London. Paul's House provides free accommodation for families while a young patient goes through the often exhausting and traumatic experience of cancer treatment, helping them stay together and softening the financial impact caused by regular travel.

Every day in the UK, 10 children and young people are given the shocking news that will change their lives forever. They are told that they have cancer. Treatment is often gruelling, can start immediately and will often require that a young person travels a long way from home. The average round trip for a young cancer patient is 60 miles. It costs £33 per family/per night at Paul's House. Every £990 raised for CLIC Sargent is enough to pay for a family to stay for a month in a Home from Home.
